"African Ancestry and High-Risk/Triple Negative Breast Cancer"

By

Lisa A. Newman, MD, MPH, FACS, FASCO
Director, Breast Care Center
Professor of Surgery
University of Michigan Comprehensive Cancer Center

Monday, October 12, 2015
1:00 p.m. – 2:00 p.m.

214 Light Hall
Vanderbilt University Medical Center

This grand round is designed for faculty, residents, staff and medical students. Objectives of this presentation: 1. To understand disparities in breast cancer incidence and outcome related to racial/ethnic background. 2. To understand the socioeconomic versus biologic factors that account for disparities. 3. To understand the epidemiology of triple negative breast cancer.

Vanderbilt School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Vanderbilt School of Medicine designates this live activity for a maximum of 1 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. Jeff L. Creasy, M.D., course director, has no financial relationships related to the content of this activity to disclose. Lisa A. Newman, M.D., M.P.H., F.A.C.S., F.A.S.C.O., presenter, has no financial relationships related to the content of this activity to disclose.
